

Military English

Vocabulary Builder: Parts of a ship

TEACHER'S COPY

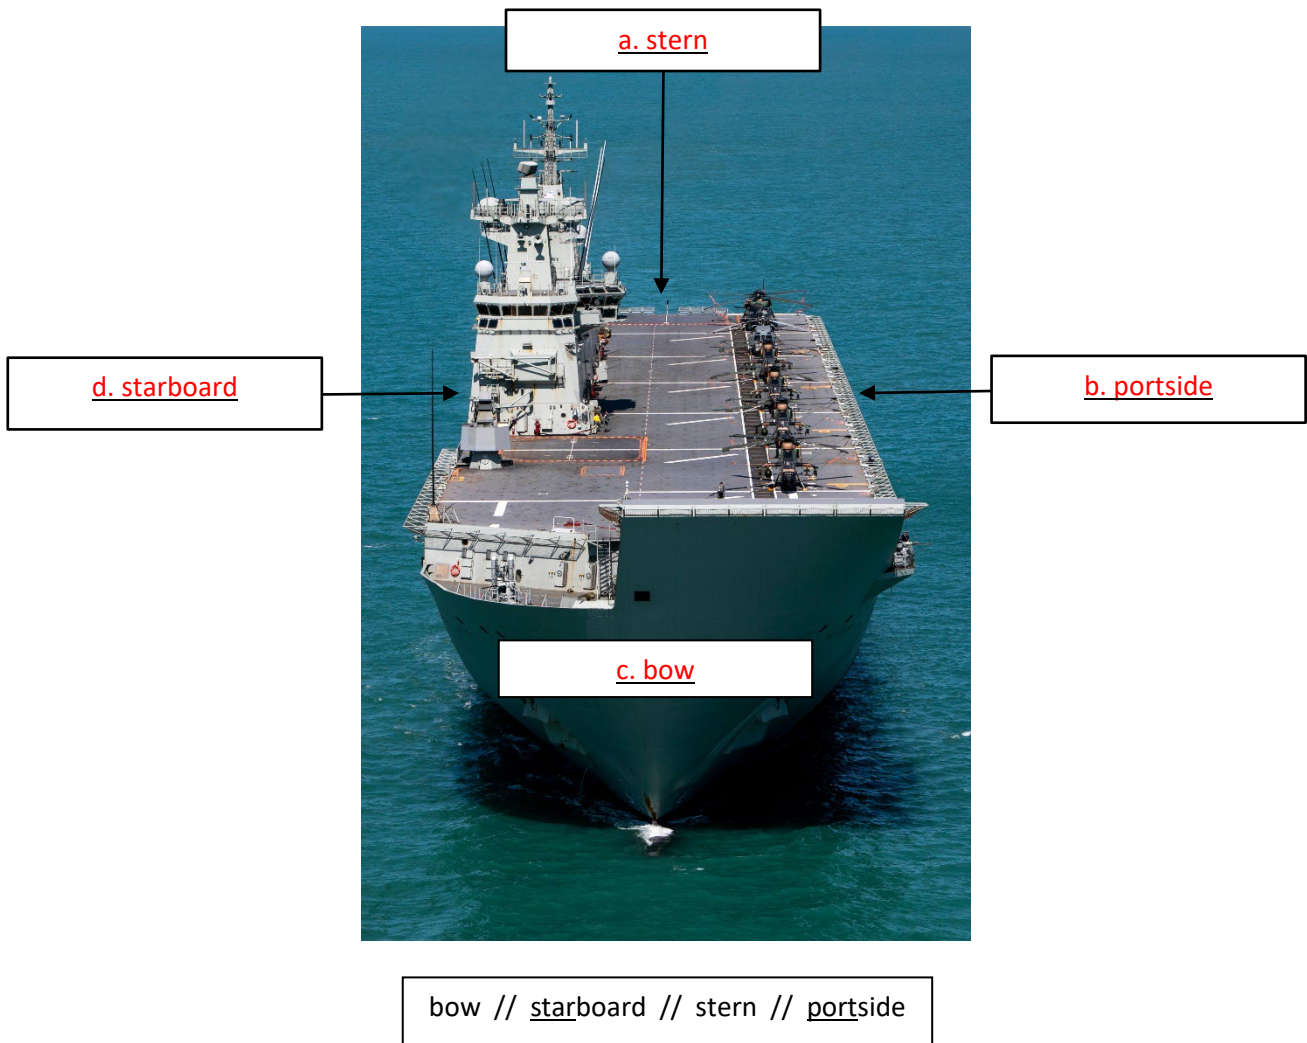

Overview:

This worksheet presents vocabulary related to the parts of a ship.

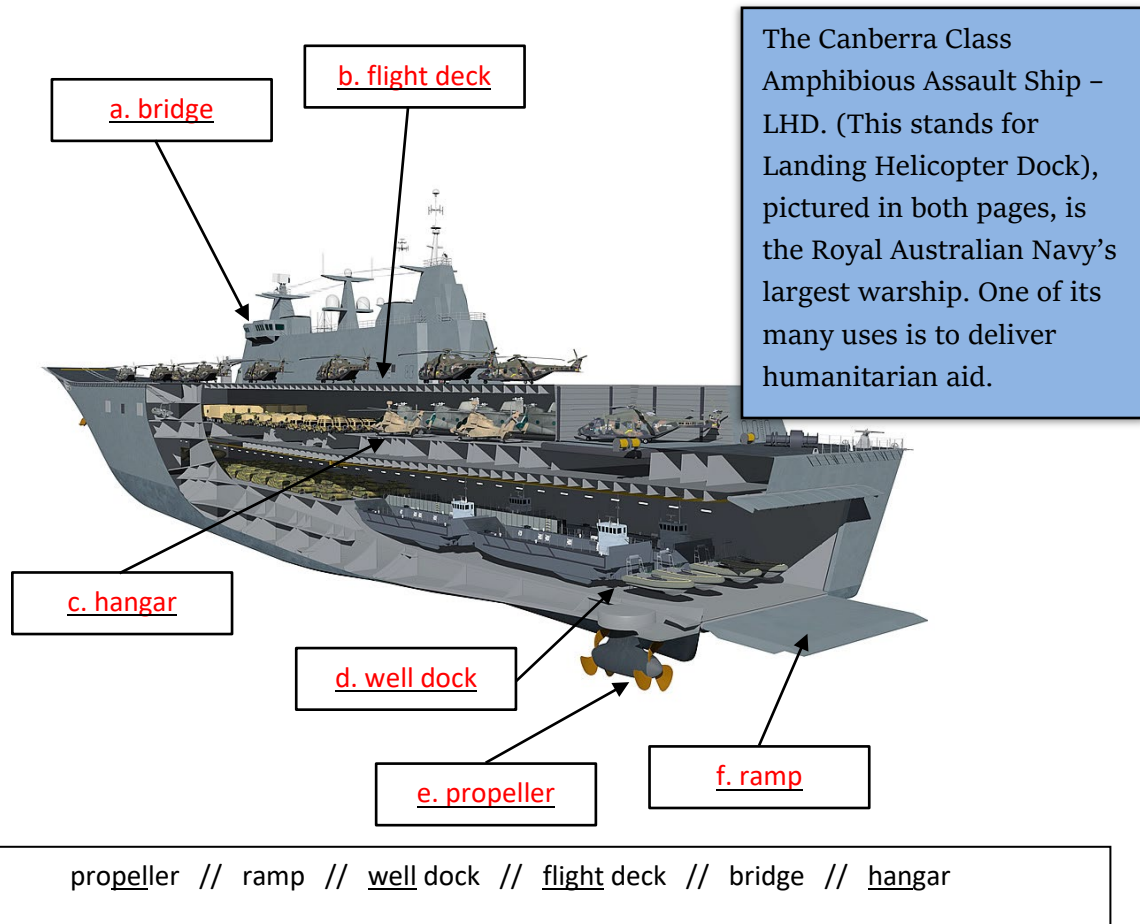

In this lesson, you will:

- ✓ use vocabulary related to ships

1) Let's learn the sides of a ship. Write the words from the box in the correct space.

2) Now let's learn the parts of an amphibious assault ship. Match the words in the box to each part.

Some of these parts are also in other types of ship. Write them below:

Bridge, propeller

Notes: If necessary, explain that a few ships in some navies do not have a propeller, but this is an exception.

3) Now let's listen to the words practised in this worksheet. Listen and repeat.

Play recording of the words covered in this worksheet – which is found in the same location as this file – and ask students to repeat. First as a class, then select a few random students to repeat individually.

- Watch this YouTube video about the Canberra Class Amphibious Assault Ship.
Type on YouTube [Navy: 360 degree HMAS Canberra](#) or scan the QR Code:

The video above can be used the following ways:

- Play it in class, with subtitles turned on. Ask students to listen for any words covered in this worksheet. ANSWER: *Bridge, flight deck, hangar, well dock*
- Assign video for homework. Students have to write down any words covered in this worksheet that they hear. ANSWER: *see above*
- This Vocabulary Builder links with → Vocabulary Builder - Military vehicles; Vocabulary Builder – Parts of an Aircraft.

Vocabulary recording transcript.

Now let's listen to the words practised in this worksheet. Listen and repeat:

bow

starboard

stern

portside

propeller

ramp

well dock

flight deck

bridge

hangar
